

The YMCA is a mission-driven, not-for-profit organization that strives to serve all. The YMCA is committed to ensuring that everyone has the opportunity to benefit from YMCA membership and programs. To that end, this Y provides financial assistance for those who may not be able to afford the full cost of programs and services. We offer an income-based rate scale to reduce joining, monthly and/or program fees for eligible individuals, making the Y accessible to all individuals and families.

Membership for All is made possible due to the generosity of donations made through our Annual Fundraising Campaign.

To qualify for a Membership for All rate, you will need to provide the YMCA with tax documentation to verify your income within 30 days of your membership start date. Failure to provide the proper documentation within 30 days will result in the fee defaulting to the full rate.
